EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation.)

The primary purpose of the Regulations is to provide that the CO₂ emissions level is put on the tax disc for cars under the new CO₂ based motor tax system and a technical change reducing the threshold from €114 to €99, above which a person can get a refund of motor tax and obtain a 3 or 6 monthly tax disc. This change is to facilitate those paying the lowest rate of €100 under the new CO₂ system. The opportunity is also been taken to update the payment of arrears position and the Schedule of prescribed forms.
