## EXPLANATORY NOTE

*(This note is not part of the Instrument and does not purport to be a legal interpretation).*

These Regulations amend three Schedules to the Health (Residential Support Services Maintenance and Accommodation Contributions) Regulations 2016 (“the Principal Regulations”) by adjusting the amount of the contribution required to be made under the Principal Regulations by a recipient of “residential support services” (as defined in section 67A(1) of the Health Act 1970).

The main effect of these amendments is to increase by €2 per week the contribution rates required to be paid by recipients of residential support services, based on each individual’s weekly income, in each of three accommodation categories set out in three related Schedules.

The rate increases provided for in these Regulations come into operation on 2 April 2018.

The Regulations include a transitional provision ensuring that specified social welfare payment rate increases, which come into operation between 21 March 2018 and 30 March 2018 inclusive, will not trigger contribution rate increases until 2 April 2018.
