EXPLANATORY NOTE

*(This note is not part of the Instrument and does not purport to be a legal interpretation.)*

These Regulations revoke and replace the European Communities (Wildlife Act 1976) (Amendment) Regulations 1986 (S.I. No 254 of 1986) which regulated the control of wild birds in certain circumstances. These Regulations were made in order to transpose Article 9 of the Birds Directive (Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds, as amended).

These Regulations empower the Minister for Housing, Local Government and Heritage (having consulted other relevant Ministers (if any)) to declare, where there is no other satisfactory solution and for reasons set out in Article 9 of the Directive, that specimens of particular species of wild bird may be captured or killed by specified means, arrangements or methods.
